CHRISTIAN NAMES AND SURNAMES.

Baptisms	...	...	...	...pp. 5—225 inclusive.
Weddings	...	...	...	...pp. 227—287 inclusive.
Burials	...	...	....	...pp. 289—456 inclusive.

Where a name has Variants the Head-name has been selected which now exists, or which most closely resembles the modern equivalent. All Variants are separately indexed with cross references to the Head-name.

Where a Surname has an alias, each form of the Surname is indexed under its initial letter.

The Christian names are, with some few exceptions, indexed under their modern form—the first spelling of the name having generally been continued in connection with the same surname.

Illegitimate children are indexed under the Surnames of both Mother and putative Father.

"N.X.N." signifies no Christian name.

An Asterisk following a page number signifies that that combination of Christian and Surname occurs more than once on the page asterisked.
